Subject: CM2 Software Announcement: WAIS

    Date: Wed, 20 May 92 12:05:50 EDT
    From: Richard Tebboth - Thinking Machines UK Sales <teb@Think.COM>

    Are we going to charge for it?
    If so - how much?

If someone wants to run their CM as a commericial service then we will
charge them for the software. Otherwise, we willgive binary licenses
freely.
